*Owing to exigency we have had to get the Quarterly printed from different places within a very short time. Yet, all efforts have been made to keep it free from errors. The use of different founts of type is much regretted.*

*Despite ourselves being branded as a separatist group by the "protagonists" of library profession of this State, most humbly we like to proclaim that West Bengal College Librarians' Association could register a triumphant victory in the election to the Senate of the University of Calcutta held in 1981, its candidate having obtained an overwhelming majority from the constituency of Librarians of Colleges and University and this year in the Burdwan University its Candidate too has won the seat from the Librarians' Constituency by a simple majority.*

*All this leads us only to remember one of the maxims of our professional ethics that in the sphere of his professional activities a Librarian needs to be a non-biased person divorced from a narrow partisan spirit.*
